Case Western Reserve University (CWRU)

SOPHOMORE

- ENGR 210: Introduction to Circuits, EECS 233: Data Structures, EECS 281: Computer Logic and Design, MATH 224: Differential Equations

Experience

Tech Corps Inc.

Cleveland, OH

TECHIE CAMP PROGRAMMING INSTRUCTOR

Summer 2016

- Along with a co-instructor, we taught a class of middle school students the introductory principles of object-oriented programming by using a Alice, a software created by Carnegie Mellon.
- Students became more excited about programming and computer science and considered it a definite career opportunity at the end of the camp

Extracurriculars

Discussions, the Undergraduate Research Journal at CWRU

ASSISTANT DIRECTOR OF REVIEW

Fall. 2015 - PRESENT

- Lead committee discussions on the validity as well as scientific accuracy of articles.
- Made critical decisions on whether to publish submitted articles based on personal as well as committee response.
